

The 2010-2011 edition of this course requires that all students have in their possession during the course a copy of the current USPAP manual. The rule does not say the student needs to own the text but the student must take the text “home with them”. As a result, when a student registers for either a 7 Hour USPAP Update Course or the standard required 15 Hour USPAP Course or a “package pricing” with a USPAP course as part of the package, \$100 will be automatically charged to the student for the purchase of the 2010-2011 USPAP Manual that the school will issue to the student on the first session of the course.

If the student brings their current manual to the school the school will issue a \$100 refund to the student at the same time the Certificate of Completion is issued to the student at the end of the course. Students can purchase the manual directly from the Appraisal Foundation Bookstore website and are encouraged in doing so.

Here is the link to the bookstore: [Appraisal Foundation Bookstore](#)
